Mixed-media by Bon and Lee Roberts

May 14–June 9, 2019

Opening Reception: Tuesday, May 14, 6–8 p.m.

Meet the Artists: Saturday, May 18, 2–3 p.m.

The Ferry Building Gallery is pleased to present a mixed-media exhibition by Bon and Lee Roberts.

In this exhibition, the Roberts explore the relationships between domestic and wild birds and their symbiotic and fundamental existences within contemporary lives and culture. Food sustainability, cohabitation of wild/domestic animals and humans, permaculture and reclamation of materials—referred to as “waste to wonder”—form the basic themes for the show.

AVIAN by Nature includes a selection of the Roberts’ newest work. Mediums used include sculpture from reclaimed industrial and biological waste materials, eggshells, feathers, driftwood, relief works in burnt reclaimed flooring, industrial conveyor belting, plaster, photography and paintings in oil.

Living creative lives together for 25 years and having fundamentally different styles and execution practices, Bon and Lee are innately influenced by their everyday shared experiences and art practices.

Admission to the gallery is free.
